
Instant Lead Magnet - Super Cool Marketing Tool

Posted by ask2.0 - 2009/06/19 13:40

I grabbed my own copy of Instant Lead Magnet yesterday and quickly test it on the water... Man, it works like a champ! I been emailing my prospects as test last night and yeah, instant 3 sales under 10 minutes work.

But I don't know if the developer of Instant Lead Magnet will support other free classified websites in the future other than Craigslist, Kijiji and Backpage. hope they will.

Thanks,

Jim
