There are many horror stories about affiliate programs and networks. People have heard them over and over again, that some are even wary of joining one. The stories they may have heard are those related to illegal programs or pyramid schemes. Basically, this kind of market does not have real, worthy product.

You do not want to be associated with these schemes. It is obvious you want to be with a program that offers high quality product that you will readily endorse. The growing number of those who have joined already and are succeeding immensely is proof enough that there are reliable and quality affiliate programs out there.

Why participate in an affiliate program?

It allows you to work part-time. It gives you the opportunity to build a generous residual income. And it makes you an owner of a small business. Affiliate programs have already created lots of millionaires. They are the living testimony of how hard work; continuous prospecting, motivating and training others pay off.

If ever you are deciding to join one, you must take note that you are getting into something that is patterned to what you are capable of. This will be an assurance that you are capable of doing anything to come out successful.

1. A program that you like and have interest in. One of the best ways of knowing if that is the kind of program you wish to promote is if you are interested in purchasing the product yourself. If that is the case, chances are, there are many others who are also interested in the same program and products.

6. Be aware of the minimum quotas that you must fulfill or sales target that is too hard to achieve. Some affiliate programs imposes pre-requisites before you get your commissions. Just be sure that you are capable of attaining their requirements.
7. Select one that has plenty of tools and resources that can help you grow the business in the shortest possible time. Not all affiliate programs have these capacities. Make use you decide on one with lots of helpful tools you can use.
8. Check out if the program has a proven system that can allow you to check your networks and compensation. Also check if they have it available online for you to check anytime and anywhere.
9. The program that is offering strong incentives for members to renew their membership each time. The affiliate program that provides continuous help and upgrades for its products have the tendency to retain its members. These things can assure the growth of your networks.
10. Be aware of the things that members are not happy about in a program. Like with the ones mentioned above, you can do your checking at discussion forums. If you know someone in that same program, there is no harm asking if there are many downsides involved.

Have a thorough and intensive knowledge about the affiliate program and network you will be promoting on.

Knowing the kind of program you are getting yourself into will make you anticipate and prevent any future problems you may encounter.
